

# Embossing Tools

---

Simultaneous Embossing of  
Up to 2 License Plates

---

**5-year Guarantee**

Our embossing tools are extremely durable and particularly cost-effective as they are able to emboss two license plates in a single operation in connection with our embossing presses.

The aluminum base is manufactured in a CNC milling machine, the superstructure is made of robust PP plastics so that we are able to give our customers a five-year guarantee for our embossing tools. Thanks to a double-sided marking, any confusion of wrong letters/numbers is excluded.
